

North Korea ESSAY.... DUN DUN DUN.....DUUUUUN!

From the Evil Ms. Hall

After examining *National Geographic: Inside North Korea*, answer the following question: ***How does life in North Korea & its oppressive government differ from daily life in the United States?*** Be sure to compare & contrast the political, economic & social/cultural conditions found in North Korea with that of the United States.

This is an ESSAY, so I expect you to take some time with this assignment. Typical essay structure should be employed (*Five Paragraphs: Intro, Body, Conclusion*). The essay may be typed or hand written (but it must be neat/ legible if you are hand writing it!). A hard-copy of this essay is due **Tuesday 12/4**, at the beginning of class. This is an opportunity to demonstrate your writing ability (spelling/grammar), and I look forward to reading several exquisitely crafted, thorough and analytical papers!

****I suggest taking notes on the documentary as we watch it in class***

****Focus on the state of North Korean children, leader worship, political opposition, etc.***
